Section 2. Annual Information.

During the term of the tax abatement and for a period of two (2) years thereafter, the City or its authorized agent may annually request information from the Applicant concerning the nature of the Project and the approved capital expenditures for the Project and the Applicant shall provide the City with adequate written evidence thereof within 45 days of such request ("Annual Survey"). The City shall utilize this information and the information required to be filed by the Applicant in the CF-1 Compliance with the Statement of Benefits form to verify that the Applicant has complied with the commitments contained in the Commitments at all times after the Commitment Date and during the duration of the tax abatement. The applicant further agrees to provide the City with such additional information requested by the City related to the information provided in the Annual Survey and the CF-1 form within a reasonable time following any such request.

Section 3. Termination.

A. Right to Terminate. The City, by and through the Council, after recommendation by the Commission, reserves the right to terminate the personal property tax abatement deduction if it determines that the Applicant has not made reasonable efforts to substantially comply with all of the Commitments and the Applicant's failure to substantially comply with the Commitments was not due to factors beyond its control.

B. Factors Beyond Control. As used in this Agreement, factors beyond the control of the Applicant shall only include factors not reasonably foreseeable at the time of the designation application and submission of Statement of Benefits which are not caused by any act or omission of the Applicant and which materially and adversely affect the ability of the Applicant to substantially comply with the Agreement. New technological developments and process improvements may also be included as factors beyond of the control of the applicant.

C. Repayment Upon Termination: Pursuant to Resolution 2004-22 if the new manufacturing equipment is removed from the City of Lafayette before the expiration of the term of the abatement, and the City terminates the personal property tax abatement, the City may require the Applicant to repay all or a pro-rated portion of the personal property tax abatement savings received through the date of such termination.

D. Notice of Termination and Repayment. In the event that the City determines that the tax abatement deductions should be terminated or that all or a pro-rated portion of the tax abatement savings should be repaid, it will give the Applicant notice of such determination, including a written statement calculating the amount due from the Applicant, and will provide the Applicant with an opportunity to meet with the City's designated representatives to show cause why the abatement should not be terminated and/or the tax benefits repaid. Such notice shall state the names of the person with whom the Applicant may meet and will provide that the Applicant shall have ninety (90) days from the date of such notice to arrange such meeting and to provide its evidence concerning why the abatement termination and/or tax benefits repayment should not occur. If, after giving such notice and receiving such evidence, if any, the City determines that the abatement termination and/or tax benefits repayment action is proper, the Applicant shall be provided with written notice and a hearing before the Council before any final action shall be taken terminating the abatement and/or requiring repayment of tax benefits. If the Council adopts a Resolution terminating the tax abatement and/or requiring repayment of tax benefits, the Applicant shall be entitled to appeal that determination to a Tippecanoe County Superior or Circuit Court.

E. Time of Repayment. In the event that the City requires repayment or partial payment of the tax abatement benefits as provided hereunder, it shall provide Applicant with a written statement calculating the amount due ("Statement"), and the Applicant shall make such repayment to the City within ninety (90) days of the date of delivery of the Statement, unless such repayment has been stayed pending an appeal. If the Applicant does not make timely repayment, the City shall be entitled to all reasonable costs and attorneys fees incurred in the enforcement and collection of the tax abatement savings required to be repaid hereunder.

PRINCIPLES

FOR CONSIDERATION OF PROPERTY TAX ABATEMENT IN LAFAYETTE, INDIANA

These principles are used in determining the guidelines and considerations for each category of project, and will also be used in determining the length of an abatement within each category.

1. Firms receiving tax abatement are expected to give local construction firms and local suppliers of goods and services the opportunity to do business.
2. Existing industry will be considered for tax abatement on the same basis as firms being recruited to the community.
3. Preference will be given to firms that diversify and fill gaps in our local economy rather than those that compete for business in the local economy with existing firms.
4. Products that are sold outside our local community and bring value to the local economy will be given a high priority.
5. Abatement will be used to recruit and assist firms that create a technology based product or service or use advanced technology in manufacturing.
6. Location in the downtown, the urban enterprise zone, or declining area designated as an economic development area will be given a higher priority.
7. Projects that involve retail or are primarily office operations will be considered only in the locations described in #6 above unless the office operations are technology related.
8. The number of jobs created per dollar of investment will be an important consideration for the warehouse distribution and manufacturing areas.
9. The level of wages and benefits will be an important consideration for all applications.
10. Housing will be evaluated in terms of percentage of units available to lower income families, mix of income levels, distance from other projects serving a similar clientele, availability of services, potential displacement of existing housing, and compatibility of design.
11. Projects will not be considered that will require variances or special exceptions unless primary review indicates that no problems will be encountered.
12. Adverse environmental impacts will negatively affect the consideration of abatement.
13. Any need for additional public infrastructure or other additional public support in the project will be considered in determining the length of the abatement.
14. Major development projects will be individually evaluated.
15. The time period of depreciation of equipment will be considered in the length of abatement for equipment.
16. Economic Revitalization Areas (ERAs) designated by the Common Council for new manufacturing equipment will include a Memorandum of Understanding that will provide for the repayment to the City of all or a portion of the tax savings realized through the designation in event that the ERA is terminated because the new manufacturing equipment is removed from the City.

GUIDELINES

FOR CONSIDERATION OF PROPERTY TAX ABATEMENT IN LAFAYETTE, INDIANA

Projects will be considered for abatement only if the proposed investment is at least \$250,000 and development has not begun and/or equipment has not been ordered. In addition, if the applicant is not the owner, authorization of the application must be obtained from the owner.

The length of the abatement period for real estate and equipment will be considered by the guidelines in the categories below:

6-10 Years

Real Estate Improvements

Manufacturing

Technology Based

3-6 Years

Equipment and Machinery

Warehouse/Distribution

Office

Retail

1-3 Years
